Area Students In Grades I-3 Better Than Most

Students in the first three grades of elementary schools in both Lemon Grove and Spring Valley schools are making better readers than most in the state according to officials of both districts.

The reading gains are being made under the Miller-Unrhu reading program according to Dr. Max Rafferty, state superintendent of schools. Rafferty pointed out that the program got off to a slow start throughou the state last in the fall of 1966.

Both Lemon Grove and Spring Valley schools have special teachers who have passed exams and have received credentials to work in special reading classes.

Lemon Grove has six special reading teachers while Spring Valley has 23. Each elementary school in the Lemon Grove and Spring Valley districts has at least one of the specialized teachers on its staff.

S. K. Solleder, assistant superintendent of the Lemon Grove schools said that he has noted improvement in the reading abilities of students in the first three grades since the program got underway.

Solleder said that the students are tested for reading abilities and match up like photos and words when they dents are again tested in the third grade with the Stanford Reading Tests.

"It is in the third grade that we can tell the results of reading our students as compared to those throughout the state and the entire nation." he said.

"It is a good program and we are awaiting for the tests to be given to third-graders this May. We expect the test scores to reflect reading abilities of our students to be at a slightly higher percentile than those throughout the stae.

We will be able to extend even better service to students who are slower readers than most and to those who have difficulties in reading when we start our summer school program in Lemon Grove on June 24."

The summer reading school will go for five weeks. Students from grades five and six will attend the sessions. They will receive individual attention from the special teachers.

"It is at this level that we can pinpoint true reading difficulties that a student has," the supervisor pointed out. The classe will improve the middle-grade students who do not get necessary extra help during the school year.

When comparing students in district high schools, Dr. Stanley A. McClintic, Assistant Superintendent at the Grossmont Union High School District said that these students have better than average reading abilities.

The average raw scores achieved by tenth grade students throughout the district are slightly above the state norm of 32. Local sudents scored a 33.1 mark.

Dr. McClintic said, "We should not let up on our reading program even though we are slightly over the average in schools throughout the state."

Dr. Laurence Coons, Dean of Guidance, at Grossmont College said, "Beacuse of the ground work being done in District grade schools, students are able to read better than students in other junior colleges throughout the state.

He coninued, "There has been no problem with reading comprehension. Students here are stronger in reading than in some of the quantitive areas such as math."

Anything that the elementary schools and the high schools can do to improve any gap that might exist, I am happy to see. I hope they continue with the reading program."

READING DEVELOPMENT: Mrs. Ilse Hanning, reading instructor at tthe Golden ave. school in Lemon Grove is shown with one of her students, Jeff Gilbert as she points out to him one of reading aids that are used to help students in grades one one through three to become better readers.
Mrs. Henning is developing a reading program where the students are able to personalize their selection of books. She feels that this is a method that motivates young young students to read and to become interested in reading.

Governing Board Starts Screening Of Super's Post

The Grossmont Union High School District Governing Board will conduct a special meeting Monday, May 13 at 3:30 p.m. in the board room at the District administrative office.

The meeting has been called in order to hear a report by Dr. Claude Fawcett, consultant, regarding the screening of candidates to see who will replace Dr. John T. Warburton as superintendent.

Warburton served the board with his resignation March 18. He is expected to join the faculty at San Diego State College in the education department where he may teach administrative methods.

The position that he will vacate is the third largest high school district in California. He has held the position for four years.

Warburton's term will end August 7. This is the date after the final hearing on the 1968-69 high school district budget. The superintendent has headed up a student body of more than 17,000 students.

It has been estimated that the new superintendent may be named early in June.

FLAG PRESENTATION: A flag which flew over the nation's capital was presented by Congressman Lionel Van Deerlin to Douglas Elwell, student body president, for use by Spring Valley Elementary School April 18.
Van Deerlin previously had held a "press conference" for youngsters of grades 4-6 in a Student Council-sponsored assembly Mrs. Katherine Happel was the sponsor.

10 Grove, Valley Foster Parents Receive Honors

Ten Spring Valley and Lemon Grove couples will be honored at the Eighth Annual Foster Parents Appreciation Day at the Colina Del Sol Community Center at 54th and Orange, in San Diego Sunday starting at 2:30 p.m.

Those being honored from Spring Valley are all 5 year Foster Parents. They are Mr. and Mrs. Verne Watts, 8714 Noeline st., Mr. and Mrs. Louis Zimmer, 526 Broadview st.; Mrs. and Mrs. Filiberto Munoz, 406 Conception ave.,; Mr. and Mrs. Orville Hatley, 473 Broadview st.; Mr. and Mrs. Sidney Antell, 10033 Sierra Bonita, and Mr. and Mrs. Joseph Ditto, 3440 Helix st.

Lemon Grove foster parents for five years that will be honored are: Mr. and Mrs. Norman Hada, 3175 Florine dr.; Mr. and Mrs. John Hamilton, 1829 Madera st.; Mr. and Mrs. Robert Updike, 1855 Massachusetts, and Mr. and Mrs. Vernon Parker, 8102 Jefferson st.

These foster parents have taken children into their homes, children who are not their own and given to them shelter, food, guidance and love. The County Department of Public Welfare sets aside this one day each year to honor these parents.

County director Homer E. Detrich said that these parents have been selected to fill the role of foster parents after detailed investigation.

Each foster parent knows that one day it will come time for that child to leave their home and go out on his own. He said that children who are placed in foster homes are "everybody's children".

The director said he feels that everybody needs to understand why a foster child needs the best in schooling, friendliness, understanding and help so that they may feel that they are a part of the family and community.

Detrich will present the award to the ocal families. W. Lee Porterfield, chief of district operations of the Welfare Department will act as master of ceremonies.

The County Board of Supervisors, along with representatives from the City of San Die and San Diego County Labor Council will also honor the families.

Entertainment will be provided by the Les Chansonettes and Les Chantiers, choral groups from Grossmont High School. Refrehments will be served following the presentation of awards.

The DIMMER VIEW

Supreme Court: On Whose Side?

There is a 30c document available from the U. S. Government Printing Office in Washington (Cat. 87-1:S doc. 46) that reveals Soviet plans for the surrender of the USA by 1975.

Write for it!

It is an extract from official Senate Document no. 45-87th Congress — 1st Session.

"The great turning point (between 1965 and 1970) will come when the Soviet Union, irrespective of per-capita production in industrial goods, achieves technologically superior armaments and attains a military force which, qualitatively and quantitatively, will be superior to the military forces of the United States.

"If necessary, this force will be employed in the second phase of the current era.

"In the first phase, the armed struggle, will mostly take the form of liberation wars and uprisings, plus deterrence by nuclear blackmail, on the part of the Soviets, of any military initiatives undertaken by the free world . . .

"Failing in this strategy, the Soviet intends to destroy the United States by nuclear weapons."

So what does the Supreme Court do to counteract this determination?

1. It banned school prayer (June 25, 1962 and June 17, 196). It ruled that it is unconstitutional for the State of New York to prescribe by law a simple non-denominational prayer for the school children. Lenin, author of Communist strategy who couldn't have planned it better, once said: ""Our revolution will never succeed until the myth of God is removed from the minds of men."

2. The Supreme Court aided the Soviets in dissemination of propaganda.

On May 24, 1965 the Court gave unrestricted access to our domestic mail system to the Communists. it ruled that the Post Office must deliver Red propaganda mailings. These mailings are well calculated to create, foment and direct racial, social, political and religious disorders in our country.

3. On June 7, 1965, the Court decided that a Communist could hold office in a labor union. This permits subversives to influence our economic health by fomenting strife in labor at the instruction of an enemy of the U. S.

Lenin had said: "Resort to all kinds of cunning, schemes . . . to penetrate (U.S.) labor unions, to remain in them and conduct the Communist work . . . "

4. On November 15, 1965 the Supreme Court ruled that Communists need no longer register with the government. This denied our country the ability to protect itself by means of registration statutes. This permitted the Communist Party USA to become bolder among the activities was he stepping up a program of speeches on U. S. college campuses by Party leaders.

5. The Supreme Court rendered the Miranda Decision on June 13, 1966 resulted in confessed criminals being freed without trial. The Miranda decision ordered soft treatment by police in the matters of interrogation, confessions, detention, and searching. It hamstrings law enforcement. The crime rate soared as a direct result.

6. On January 23, 1967 the Supreme Court ruled that laws aimed at keeping subsersives off the faculties of public schools were unconstitutional. This protects Communist school teachers against dismissal just because they are Communists. U. S. Supreme Court Jutice Tom Clark in his dissent said "the majority has swept away one one of our most precious rights — the right of self-preservation."

7. The Supreme Court ruled on December 11, 1967, that Communists must be allowed to work in defense plants. U.S. Communist Party General Secretary Gus Hall felt impelled to declare the decision "a major victory." The decision meant that Communists may be employed to work on airplanes, missiles, grenades, and armaments of all types, realizing that these devices may ultimately be used against the government to whom they have sworn allegiance.

It's a tawdy story of our highest tribunal interpreting our Constitution for the benefit of our enemies.

We know what the Communists are trying to do — but why ust we allow the Supreme Court to aid them?

Racial Insight Is Given

More than 40 Lemon Grove businessmen were on hand at the Friday noon Lemon Grove Men' Club meeting at the Brunswick Bowlero Lanes to listen and take part in a discussion-dialogue between Max Goodwin, editor of this newspaper and Ray Collymore of the San Diego Mayor's Committee on Jobs.

The discussions ranged from negros and the white man, to racial riots in cities throughout the United States. Collymore said during the "no-bar, no-hold" discussion that the white society must provide true "bootstraps" to members of the Negro race in order to help them.

Collymore, a college educated negro, stated that burning cities is not the solution to the problem that is facing the United States. He said that something must be done to draw attention to the problems of his race to force the white man into a better method of inter-race communications.

Dent To Open Office Saturday

Hell's Angels Hearing Date Set For June 5

A premilinary hearing date has been set for the three defendants charged with the attack of a Lemon Grove woman March 15.

The defendants are members of the Hell's Angels motorbike organization.

They face charges of kidnap, robbery and sex perversion. They are charged with having taken the woman from Lemon Grove to a residence in El Cajon where indecencies were forced upon her.

Superior Court Judge Eli H. Levenson ordered the hearings for June 5 for Bobbie Lee Dean, 22, of El Cajon; Raymond John Pilz, 25, of Chula Vista, and Leo Anton St. Germaine, 37, of Santee.

Scheidle Calls For Lower Taxes

Inefficient administration of the County Welfare Department plus a "wait and see" attitude by the County Board of Supervisors has brought about a situation in which the "people of the total county are not getting their money's worth," San Diego city councilman Harry Scheidle charged in a speech before the Mt. Helix High Twelve Club today at noon.

At a luncheon meeting held at the El Morocco restaurant in Lemon Grove, Scheidle, 45, who is campaigning for the third district Supervisorial post held by Robert Dent, said it is time for new dynamic, progressive leadership at the Board of Supervisors level in order to "give all of the County taxpayers more for their money and to lower their taxes."

Scheidle pointed out that in the last seven years since he has been on the city council, the people of San Diego City have received many benefits many facilities and enjoyed unparalleled progress while at the same time enjoying a drop in tax rate from $1.85 to $1.81. But in that same period of time very few benefits or improvements have come to the County and yet County taxpayers have been hit with a tax rate climbing from $2.08 to $2.39, Scheidle said.

MISS SPRING VALLEY: Linda Davis (left), 20, daughter of Mr. and Mrs. John A. Davis, is shown as she is crowned as the new Miss Spring Valley for 1968 by Cynthia Davis who is last year's winner.
Linda is an art major at Grossmont College and will graduate in June. She is a 1965 graduate of Mt. Miguel High School and is currently employed by the telephone company.

Van Deerlin To Hire More High Schoolers

The fourth annual contest whereby high school juniors win a trip to Washington, D.C., and work with Congressman Lionel Van Deerlin in his Congressional office this summer, has been announced by the Congressman's San Diego office this week.

Two boys and two girls will be selected for the educational opportunity which was created four years ago by Van Deerlin with the intent "to bring young San Diegans to a better understanding of the federal government and to learn from a practical standpoint the applied methods of its operation."

Application forms for the non-artisan contest are now available through high schools for students who live within the boundaries of the 37th Congressional District.

Punishment Is Sunday Sermon

"Everlasting Punishment" is the subject of this week's Bible Lesson to be read in all Christian Science churches this Sunday. The service at Christian Science Society, 7741 Pacific ave., begins at 11 a.m., and is open to the public.

The Golden Text from Psalms sets the theme: "Unto the upright there ariseth light in the darkness: . . . Surely he shall not be moved forever: the righteous shall be in everlasting remembrance."

The Bible Lesson also includes passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, among which is the following: "Mortals move onward towards good or evil as time glides on.

If mortals are not progressive, past failures will be repeated until all wrong work is effaced or rectified.

If at present satisfied with wrong-doing, we must learn to loath it. If at present content with idleness, we must become dissatisfied with it."

Helix Students Hear Gordian Knot Rock Group

More than 2,500 students were on hand to hear the "Gordian Knot" contemporary rock group from Los Angeles Monday morning, at the High School in a benefit Peace Corps Drive Assembly.

The Peace Corps Drive, is an exetensive school-wide and community-wide fund raising project to construct a school house in South America.

The program was set into action by the Helix Student government class April 22.

The drive (Operation C.A.S.H. — construct a school holse) is aimed at a $2,500 goal for the Peace Corps School Partnership Program within two weeks.

The Gordian Knots arrived at the San Diego International Airport Monday morning and were greeted by student body officers.

They performed in two assemblies for the student body and were introduced by local disc jockeys.

Both natural and bleached yarns are used for cotton knits.

Hospitals Limit Sale Of Cigarettes In Confines

Hospitals throughout the state of California have been urged to limit their sale of cigarettes, announced Dr. Arnold Flick at the April 19 council meeting of Smoking Research/San Diego.

At Grossmont Hospital in La Mesa, hospital administrator L. F. Bristol has removed two cigarette machines from the public lobby to more remote parts of the hospital in an effort to reduce sales.

Ten months ago Smoking Research physicians presented and received approval on such a resolution from San Diego County Medical Society, which in turn appealed to California Medical Association March 24 in San Francisco. The C.M.A. added its sanction.

What began in San Diego has spread throughout the state. Physicians on hospital staffs are working to discontinue cigarette sales within hospitals due to the inconsistency of selling products harmful to health, Dr. Flick reported.

Resolution No. 2-68, of the California Medical Association resolved that the physicians of this state endorse and support efforts being made to discontinue the sale of cigarettes within hospitals and recommends to the various hospital medical staffs that they work toward the end of discontinuing cigarette sales in their respective hospitals and commends those efforts which have already been made in this regard.

Grossmont College Students Slate "The Girls In 509"

The Grossmont College Griffin Players will open "The Girls in 509" next Thursday, in the Stagehouse Theatre. The political comedy by Howard M. Teichman will also be presented by May 10, 11, 16, 17 and 18 with curtain time set for 8:15 p.m. at all performances.

In Teichman's play it was a black night for the Republicans on that November day of 1932 when Hoover lost the election to Franklin "Damnation" Roosevelt. Most of Hoover's loyal supporters accepted the defeat gracefully, however, Hettie and Mimsie Vander Wyck were more staunch than the rest.

When the victory dinner they had planned was short several-hundred celebrants the two women rushed to their hotel room and vowed to stay there until "That Man" was out of the White House.

It is on this improbable premise that "The Girls in 509" becomes a delight to Republicans, Democrats, members of the Peace and Freedom party, and Independents or anyone else who likes to laugh.

James W. Baker will design the sets and direct the cast of "The Girls in 509." The cast will feature Marilyn McCormick, La Mesa, as Mimsy and Trina Greig, El Cajon, as Aunt Hettie.

Bob Hayes, El Cajon, will portray Old Jim while Neil Harper, San Diego, will take the part of Ryan. Other cast members will include Doug McDonald, El Cajon as Pusey; Susan Heller, La Mesa, as Miss Freud; Jose Trapero, El Cajon, as Winthrop Allen; Teddi Nesbit, La Mesa, as Summers; Tom Bourke, Santee, as Johnson; George Spelvin, La Mesa, as Rosenthal; Jose Trapero, El Cajon, as Francis X. Nells; and Richard Fickett, El Cajon, as Aubrey McKittridge.

The public is invited to view this comedy, appropriate to an election year. The price of admission will be $1.50 with all seats reserved. Reservations may be obtained by calling 465-1700, extension 270.

Teen-Dance Promoter Fails to Show Up For Public Hearing

There's not going to be an open dance for teen-agers in Lemon Grove.

At least, not right away. The promoter failed to show up for a public hearing Monday before the Board of Supervisors.

Lee Graeber, a teen-dance promoter from Newport Beach announced earlier that his Pacesetter Teen Dance club would open Friday of last week in the building formerly used at the Lemon Grove Post-office.

The Sheriff's office refused his application for a license on the basis that it would be contrary to public health, morals, peace, welfare and safety. He asked the Board of Superiors for a public hearing.

Dance applicants may petition the Board of Supervisors when police refused a license and the Board must hear the matter within 10 days.

In Graeber's absence, the request was denied by the Supervisors.

Frank Armstrong, a Lemon Grove attorney, who led the opposition to the dancehall, appeared at the hearing with a group of local people who also wanted the license denied. Armstrong appeared as representative of Mt. Miguel High School PTA.

With him were Frank Shrughrue, president of the L.G. Chamber of Commerce; Mrs. Lillian Collette, president of the Foothills Council, COPT; Larry Oviatt, secretary Heartland YMCA; Florence Custeau, Monterey Heights school; Norman Robbins, vice principal Helix High School; Richard McGarvey, dean of students, Mt. Miguel high school, and the Rev. Thomas L. Goble, president of the Homeland Pastors Association.

Armstrong said Tuesday that the local teen dancers would not be deprived of places to dance, citing other dances available to area youth.

Dances, he said, are held at Mt. Miguel every Friday night from the end of June until the end of August. These dances are sponsored by the Spring Valley Recreation District and supervised by the La Mesa Recreation District. Student Body identification cards are required. Dances have been held there for three years without incident, he said.

The YMCA will hold Wednesday night dances at the Heartland branch building starting June 19 and two dances are scheduled at Palm Junior high in Lemon Grove on May 10 and 31, Armstrong said. He said that Palm plans additional summer dances.

Graeber was not available for comment at press time.

Ernest L. Martin has been named Spring Valley Merchant of the Week by this newspaper. Martin owns and operates Ernie's Lawnmower Sales and Service at 9406 Piedmont at Grand in Spring Valley.

Martin is married and has six children. He is a native of Oklahoma and had worked in Oklahoma City for 18 years in the construction business. He had operated a lawnmower service in the Los Angeles area before moving to Spring Valley.

He and his wife have been married for 40 years and they reside at 3640 Costa Bella in Lemon Grove.

LM-SV Summer Catalogs Are Available

Catalogs for the 1968 summer session of the La Mesa-Spring Valley School District are now available, according to Dr. David Pascoe, associate superintendent.

Elementary and junior high courses are listed in separate catalogs.

Dr. Pascoe said courses have been developed cooperatively by teachers and principals. Certain classes are traditional to the program and at the junior high level students who are enrolled in the music program may registrer for exploratory courses which they are unable to take during the regular school year.

All course offerings must be within the framework established by the State Board of Education.

The district's program is designed primarily for students in this year's grades K-7 classes. Sixth graders have the option of attending either the elementary or junior high programs.

Pascoe said all children residing within the boundaries of the La Mesa-Spring Valley School District, including those enrolled in private and parochial schools, are invited to attend.

An eligible student may enroll in any district school and courses are offered in all schools, he said. Verification of enrollment will be announced prior to the beginning of the summer session.

Approximately one-third of the students enroll each year in the summer program, Pascoe said. Summer session will begin June 17 and end July 19. Classes at all grade levels are held weekdays, July 4 excepted, fro 8 a.m. to 12 noon.

Make soft after-bath slippers from cotton terry washcloths. One washcloth, folded and gathered around the edges, will make a slipper. Trim with matching cotton ball fringe.

Services Held For Keith Richard, Mt. Miguel Teacher

Funeral services were held Tuesday at the Lemon Grove Congregational church for Keith Lynn Richard, 48, an English-drama teacher at Mt. Miguel high school.

He died at home Saturday of a self-administered gunshot wound.

Richard, who lived at 2017 Madera st., Lemon Grove, had been a teacher 16 years, 3 of which were at Mt. Miguel high school. Prior to that he was with the El Cajon district for 9 years. He taught at San Miguel, San Altos and Vista La Mesa schools. In 1958-59 year he was awarded the first honorary life membership given by the school's PTA.

He served in the U. S. Army and the Air Force during WW II.

He is survived by his wife Joan, two sons and a daughter, all of whom live at home, and his mother in Phoenix, and two brothers.

Umpires Do Have Quite A Job . . .

It has been said that, "No one likes an umpire . . . especially in baseball". The question is then asked . . . "What is the game without them?"

"You're out! . . . He's safe!" These are two crys that are made at every baseball game. In the professional ranks the words come from a well instructed umpire who tries to do his best.

Undoubtably you have had some thoughts of your own as to the calls that are made from time to time. I think that we have all had questions as to the calls made by the man in the black.

It is no easy job to stand behind the plate and make the final decisions. You should try it some time! You will be surprised at the job that must be done.

When the pitcher, the catcher, members of both ball clubs and even the man that you walked in the bottom of the ninth to push across a man from third to score the tie breaking run, all tell you that it was really a clean strike zone ball. You know that you have made a mistake . . . but your word is final . . . so goes the game, the players and the fans.

It all comes down to this: In an effort to impart a greater knowledge to these gentlemen in black, the California Collegiate Baseball League, the San Diego Umpires Association, in cooperation with the La Mesa Recreation Department will present an Umpire's Clinic at Helix High School Varsity baseball diamond beginning at 10 a.m. on Sunday, May 12.

On-the-field training will continue until noon and classroom work will begin at 1 p.m., immediately after lunch. The best of instructions will be available.

Mr. Barney Deary, supervisor and instructor of Professional Baseball Umpire Development, will head the clinic. It is also anticipated that Art Franz, Western Umpire Chief of the Pacific Coast League, will be available to assist in the workings of the sessions.

The day's program will be designed for Umpires and Coaches on all levels of baseball. There will be no charge for the clinic and no registration is necessary. The program will start promptly at 10 a.m. and should close out no later than 3 p.m.

Grove Man Injured In Race

After two wreck filled programs with more than 9,300 fans on hand, race car action will get under way again this Saturday night at 8 p.m. on the Cajon Speedway in El Cajon. More than 4,500 persons are expected to view the race.

Rudy Skuija of Lakeside and Al Goldstein of Lemon Grove were injured in an 8 car pile up last week and will be out of action until they can get medical clearance to get back on the track.

A full eleven event program of races will provide the show with thrills. The Semi-main will not be run this week because many cars have been sidelined after a rough first two weeks on the track.

In the super stock car standings George Esau of San Diego continues to pace the way with a total of 490 points. On his tail is Tex Kimbrell of Imperial Beach with 478 points. Dick White of Escondido is in third slot with an even 400.

In the limited stocks Bill McLaughlin of National City is leading the pack with 32 points. John McGowan of San Diego is behind him with 31 and John Higler of San Diego closes out the top three spots with 38 points.

Whitfield, named Los Angeles "Football Player of the Year" while in high school, played three years of varsity football at the University of California at Los Angeles under coach Earl "Red" Sanders. He was also varsity heavyweight wrestling champion for three years and captained the UCLA wrestling team one year.

Christian College Day Remarks Made By Dr. M. Fessler

This past Sunday was observed throughout the U. S. as Christian College Day in honor of the 450 colleges and universities established and supported by Christian churches.

Christian College Day 1968 is particularly significant for Westmar College, La Mars, Iowa, a four-year, coeducational, liberal arts institution established in 1890.

Dr. Myron D. Fessler, M.D., of Lemon Grove, a Westmar alumnus, said this regarding Christian College Day: "I feel that my four years of undergraduate education at a church-related college helped me immensely in establishing goals for life, and also nurtured my philosophy of life into one that is practical and workable.

I am not saying much of this could not have been done in a secular institution. However, the spiritual seasoning not found in the latter has, in just ten years of my professional life, provided me with a fuller understanding of the true values of life."

For more than 300 years, colleges founded by church people have educated many of America's leaders, and, currently, approximately one of every four institutions of higher education in the country is affiliated with a church organization.

Arthritis Booklet Available Here

Arthritis costs the nation's work force a staggering 115 million work days a year, Mrs. Athene Hensley, president of the San Diego Chapter of The Arthritis Foundation said this week. This is the equivalent of 470,000 workers being idle for an entire year. In lost wages, tax revenues and increased welfare, it rerresents a national expense of some $3 billion yearly.

"Ignorance and apathy are the biggest contributors to these overwhelming national rata," Mrs. Hensley said. "Too many people, some doctors included, believe there is not much that can be done about arthritis."

To encourage greater public awareness of the problem the local chapter is making available an authoritative booklet, "Today's Facts About Arthritis," available by writing San Diego Chapter of The Arthritis Foundation, 3527 Fourth ave., San Diego 92103.

All students honored through the Merit Program, including some 38,000 commended students in addition to the 14,000 Semi-finalists, were identified by NMSC to colleges, universities, and other organizations offering financial aid. Research indicates that many of those who need aid, but who did not receive Merit Scholarships, will receive financial assistance from other sources.

The thirteenth Merit Program began in February 1967, when students in 17,700 schools nationwide took the National Merit Scholarship Qualifying Test. The highest scorers in each state became Semifinalists.

Almost all of the 14,000 Semifinalists confirmed their performance on a second test and submitted the data required to become Finalists.

Each Finalist received a Certificate of Merit.

Measle Vaccination Is Must For Preschoolers

Lemon Grove and Spring Valley residents have been reminded by Dr. J. B. Askew, director of public health, that they must have their preschool children vaccinated against measles to meet the new school requirements for measles immunization by September.

Dr. Askew said the new state measles immunization law requires children of all ages entering public or parochial schools for the first time to be protected against measles.

Children who have not had measles or measles vaccine must be immunized against measles before entering school or within two weeks after admission. An exception is made if a pupil's parents request exemption for personal reasons.

"This means that a child who has not had measles or measles vaccine must be vaccinated," he said. "It is advisable for parents to have their preschool children immunized against measles as soon as possible to meet this requirement." Dr. Askew went on to say that many states now have similar laws.

"There is reason to expected measles vaccine to be in short supply shortly before school opens," he said. "Parents who delay measles vaccinations for their children may find the situation difficult at the last minute.

Wise parents will take their children to the family physician or a public health immunization clinic at the earliest opportunity."

The San Diego Department of Public Health offers immunization clinics at all health centers on a regular schedule.

Dr. Askew said it is particularly important for young children to be protected against measles.

"Measles can have complications as serious as brain damage," he said. "Don't postpone your child's immunization until he goes to school. Most serious complications and deaths from measles occur in infants and young children."

Veterans Exemption Tax Claims Drop

County Assessor E. C. Williams said this week that the initial processing of veterans' exemptions reflects approximately 58,000 claims filed this year compared to 62,000 in 1967, a 6.4 percent drop. New registrations of 3,400 include Vietnam veterans eligible this year for the first time.

The overall decline in filings is attributed to veterans owning more property, better reporting of the values since claims now become public record, and closer scrutiny of the applications.

Persons who filed by mail will receive a receipt acknowledging their claim. If a claim is denied the veteran will be notified; otherwise, he can assume approval of the exemption.

The exemption for qualified veterans may reach $1,000 for their taxable property if his assets do not exceed $5,000 for a singl veteran, or $10,000 in community property. The deadline for claiming a 1968 exemption was April 15, and the law does not permit acceptance of late claims.

The Board of Directors
Grossmont Hospital District:

We have examined the balance sheet of the Grossmont Hospital District as of June 30, 1967. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In Accordance with practices common to hospitals which rely upon Government support for capital improvements, the hospital keeps its accounts on the accrual basis and does not provide for depreciation of its basic hospital plant. However, a cash reserve is provided for the purchase or replacement of major movable equipment at the annual rate of 10% of the cost of such equipment.

In our opinion, the accompanying balance sheet present fairly the financial position of each fund of the Grossmont Hospital District at June 30, 1967, in conformity with the above-mentioned basis, which is consistent with that of the preceding year.

ENSIGN ROBINSON

Naval Reserve Ensign Kenneth J. Robinson, son of Mr. and Mrs. William E. Robinson, 8881 Jefferson, La Mesa, has completed the Aviation Officer Candidate Course at the Naval Air Station Pensacola, Fla.

He studied Naval History and World Affairs, Naval Justice, Naval Leadership, Naval Orientation, Physical Fitness, Swimming, Efective Communications, Pre-Navigation and Seamanship and Military Instruction.

He will enter the Flight Preparation School to continue his training.

ELECTRICIAN NORCUTT

Interior Communications Electrician First Class Robert J. Norcutt, USN, son of Mrs. Marguerite Norcutt, 8877 Noeline, Spring Valley, and husband of he former Miss Rose M. Trotti of 427 Shilow st., Zion, Ill., completed a seven month deployment off the coast of Vietnam aboard the destroyer USS Rogers.

While in Vietnam the Rogers engaged in search and rescue missions, served as a lifeguard ship for the carriers operating on Yankee Station, and participated in "Operation Sea Dragon."

By firing successful missions against the North Vietnamese coastline the Rogers sank four enemy crafts and beached six others. Rogers' return to San Diego marks the completion of her third deploymene to Vietnam.

PRIVATE PAGAN

Marine Private James Pagan, son of Mr. and Mrs. Eladio Pagan-Paduani of 1957 El Prado ave., Lemon Grove, was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot here.

He will now undergo from two to four weeks of individual combat training and then, after leave at home, will report to his first Marine Corps assignment.

The intensified Marine recruit training emphasizes rigid physical condiitoning and survival techniques, both at sea and ashore, to develop self-confidence and endurance.

Marksmanship with the M-14 rifle and 45-caliber pistol are equally stressed, and close order drill instills the traditions of Marine Corps teamwork.

A thorough study of basic military subjects, hygiene, first aid and sanitation, and the customs, courtesies, history and mission of the Marine Corps serve to polish the new Marine's recruit education and prepare him to join the Marine combat forces.

PRIVATE HURT

Marine Private Rodney K. Hurt, son of Mr. and Mrs. Robert C. Hurt, 544 Parkbrook st., Spring Valley, is serving with the First Marine Battalion in the Republic of Vietnam

The battalion, part of the Twenty-seventh Marine Regiment, First Marine Division, conducts large scale combat sweeps against the enemy and participates in company and platoon sweeps in search of enemy infiltrators.

The unit is also engaged in a civic action program designed to assist the Vietnamese people in completing self-helf projects, such as the building of wells, culverts, small bridges and school.

Equipment and materials for the projects are made available through the Marine Corps Reserve Civic Action Fund. Marines in Vietnam provide the know-how and guide the Vietnamese people in carrying out these projects.

1st. National, La Jolla Banks In Merger

SAN DIEGO — C. C. Blakemore, president of Southern California First National Bank, and William F. Black, president of Bank of La Jolla, have announced that the directors of both banks have reached an agreement in principle on terms of a merger that would unite the two banks.

The basic agreement calls for 65,886 shares of First National to be offered in exchange for the 82,358 Bank of La Jolla shares that will be outstanding following the exercise of stock options presently in effect under a restricted employee stock option plan. First National is presently traded in the over-the-counter market at about $36 per share. Bank of La Jolla's stock is not extensively traded, but was originally offered in 1963 at $15 per share.

Hardison's Spanish

What is the difference between "voy" and "va " Both of these words are from the same base word in Spanish which literally means "to go." The word "voy" means "I go" and "va" can mean either "he goes" or "you go."

Usually the word "voy" is accompanied by the word "yo" which means "I." The words "yo" and "voy" may be joined to form the phrase "Yo voy" for "I go."

The word "voy" may be used alone without "yo" and the meaning would still be "I go." In this case the subject "yo" is understood and not required to be written.

The word "va" can be used with the word "usted" which means "you" and it may also be used with the word "el" which means "he." Thus we may "usted va" for "you go" and "el va" which means "he goes."

If we wish to use these words in a question form we may simply reverse the order in which they occur. Thus we are able to say "Va usted?" for "Are you going? We may also say "Va el?" for "Is he going?"

It is very common to see the above expressions expanded to larger phrases. For example we may say "Va usted al cine?" for "Are you going to the movie?" or "Va el al banco?" for "Is he going to the bank?"

You may practices these phrases and others by using your home telephone. All that is required is less than two minute of your time and enough energy to dial 276-2762. You will hear the following words and phrases said by an automatic recording which will lead you in SPEAKING SPANISH. Try it now.

IMPORTANT PHRASES

Say "Va usted al cine?" (vah oo-STEHD ahl SEE-neh)
for "Are you going to the movie?"
Say "Si, yo voy." (SEE yoh VOH-ee)
for "Yes, I am going."

USEFUL PHRASES

Say "Va el al banco?" (VAH ehl ahl BAHN-koh)
for "Is he going to the bank?"
Say "No, el va a casa." (noh ehl vah ah-KAH-sah)
for "No, he is going home."

OTHER PHRASES

Say "Va usted a estudiar?" (vah oo-STEHD ah eh-stoo-dee-AHR)
for "Are you going to study?"
Say "Si, you voy a estudiar." (SEE yoh VOH-ee ah eh-stoo-dee-AHR)
for "Yes, I am going to study."
